Hi Lucy,

Thanks for the heads up on your attendance at the TF meeting. The EPA letter follow up is go through the provisions of the letter and identify what follow up might be next. Doug feels like there some implicit opptys for further collaboration with EPA alluded to in the letter, and he wants to discuss these with the Task Force. All I have heard so far is very positive about the letter and this agenda will focus I think primarily on oppty areas for future collaboration. (Doug anything further to add?)

Hope this helps,

Ben Floyd

Hi Ben

Brian and I will both be participating by phone next week, due to our weird budget situation, winter travel, and other conflicts.

Can you clarify the purpose of the agenda item related to the EPA letter of 9/24? This will help us be prepared. I also missed the TSCA workgroup call this week, because EPA's offices were closed.

Thank you  
Lucy

Lucy Edmondson
